Team-One Employment Specialists, LLC Launches New Website– Designed to Meet Client Needs in Belgium

Los Angeles, CA – 05 November 03 – In order to meet the growing demands and needs of clients in Belgium, Team-One Employment Specialists, LLC launches its new website created entirely in French (visit <http://www.teamone.be/teamone.html>). While the primary goal of the new website is to inform potential and existing clients of Team-One services and competitive advantages, it will also educate and inform potential applicants.

Following the same simplistic and professional design of its English counterpart (visit <http://www.teamone.la>), the new website will easily navigate first time visitors through various links. The usefulness and ease in finding information will ensure that visitors and clients will make repeated trips to the site.

Posted information includes Team-One's history and mission, biography on its founder and owner – Frank Moran, advertisements and promotions, industries serviced, and Team-One's unique way of providing its services.

Team-One Employment Specialists, LLC expanded into Liege, Belgium in March of 2003. When one of Team-One's largest clients expanded into Belgium, they specifically asked Team-One to follow and bring their standards of quality operations with them. Since March, Team-One has been implementing US standards of client services, productivity and safety and has expanded to meet the needs of new clientele. Within their first two months of operation, Team-One gained two new clients and had already recruited and deployed over 100 temporary associates.

Headquartered in Los Angeles, Team-One Employment Specialists, LLC is a local, privately held company providing temporary and fulltime employment services. Team-One was recognized among the nations top 500 Hispanic-owned companies with average annual revenues exceeding \$35 million.
